COMPANY PROFILE

We at **Deep Electricals**, based in Ahmedabad, Gujarat, have been delivering specialized high-tension (HT) and low-tension (LT) electrical solutions for over **19 years**. Our expertise includes the programming, design, erection, fabrication, and commissioning of **MCC, PCC, and PLC panel boards**, available with or without raw material supply. Our strength lies in our experienced and dedicated team, equipped with deep practical knowledge and a strong commitment to quality.

Our Core Services:

- **High-Tension & Low-Tension Electrical Works**
 - Panel board installations (MCC, PCC, PLC)
 - Shutdown and project-based jobs
 - Switchgear servicing and repairs
 - Specialized expertise in **L&T switchgear**
 - Complete erection and commissioning of electrical systems
- **Single Phase & Low Voltage Systems**
 - Industrial and commercial wiring
 - Lighting and instrument power distribution
 - Installation and commissioning of CCTV, LAN/data systems, and other instrumentation
 - Programming and setup of **SCADA & PLC systems**

We provide **end-to-end electrical services** including guidance, planning, execution, and post-installation support. We also assist with obtaining **all necessary government permissions**, both online and offline, as per official regulations.

Our Commitment:

Our mission is to deliver **quality electrical work** using the **latest technology**, within the committed timelines, ensuring long-term reliability and safety for every client. We believe proper electrical setup is crucial for efficient management, productivity, and safety across industrial, commercial, and residential environments.

Industries We Serve:

Over the years, we have served a wide array of industries both within and outside Gujarat, including:

- Fertilizer and pharmaceutical companies
- Manufacturing and engineering firms
- Thermal power stations and power houses
- Electronics and laboratory facilities
- Hospitals and government organizations
- Projects in Gujarat, Uttarakhand, and other states
- IT companies

We have proudly worked with both large enterprises and small-scale units, offering customized solutions tailored to their unique needs.
